Town of Kittery + Portsmouth Naval Shipyard Joint Land Use Study (JLUS)

The Joint Land Use Study (JLUS) is a collaborative planning effort among the Town of Kittery, Portsmouth Naval Shipyard and the Southern Maine Planning and Development Commission to protect and preserve military readiness and defense capabilities while supporting continued community growth and economic development. For the past 12 months, the JLUS team has investigated a variety of issues, including traffic congestion, transportation services, housing, land use, and economic development, with the input of many stakeholders, local and regional representatives, and the public.

Over 40 short and long-term strategies have been identified!

Please join us at an open house to provide your input on these STRATEGIES and the FINAL REPORT. The recommendations from this report will impact the future of PNSY, Kittery and the entire region!

YOUR VOICE IS IMPORTANT AND ALL ARE WELCOME TO ATTEND.
