Join SMPDC, GPCOG, York County & Cumberland County Emergency Management Agencies and presenters from the Maine Emergency Management Agency (MEMA) to learn more about the HMPG and BRIC funding programs, what projects are eligible for funding, and the application processes.

Those interested in joining can participate in just one or both workshops. Please make sure to register for each workshop individually using the links above.

For more information, contact **Abbie Sherwin** at asherwin@smpdc.org.

Learn more about each grant:

The [Hazard Mitigation Grant Program \(HMGP\)](#) provides funding for the development of hazard mitigation plans and for projects that reduce, or mitigate, future disaster losses.

[Building Resilient Infrastructure and Communities \(BRIC\)](#) is a hazard mitigation assistance program that provides funding for proactive investment in community resilience and projects that seek to mitigate the impacts of hazards and climate change before a disaster occurs.
